Using the Ball Machine

To access the ball machine when the club is open, go to the club front desk and pay the \$10 fee. The front desk assistant will put the ball machine out on the court for you. Directions will be posted on the side of the machine.

During the off season, the ball machine may be used when the pros are at the club so you can have access to the shed. Please put your \$10 check in the envelope inside the shed above the door.

Once you are finished with the ball machine, please wheel it back into the shed beside the court and lock the shed door.
