

CHESTERBROOK SWIMMING AND TENNIS CLUB, INC.

RULES AND REGULATIONS

(Revised February 2023)

The following rules and regulations (“Rules”) apply to all persons entering onto the property of Chesterbrook Swimming and Tennis Club (the “Club”) whether they be members or guests. By being a member and/or by entering onto Club property and/or by participating in any Club activity, you represent and acknowledge that you have reviewed and understand these Rules and that you will be bound by and abide by them at all times. Failure to comply with any of these Rules may result in your removal from Club premises and/or suspension or cancellation of any or all rights and privileges of your membership or guest access.

In response to the COVID-19 pandemic, the Club has amended our rules and regulations to include the following health and safety protocols and rules of conduct:

ACKNOWLEDGEMENT OF HEALTH PROTOCOLS

COVID19 Exposure and Isolation – Members should not use any facilities at the Club if they have a confirmed or suspected case of COVID19 or are experiencing any of the symptoms associated with COVID19. If you test positive for COVID19, stay home for at least 5 days. If you have no symptoms, you may end isolation after day 5. If you are still experiencing moderate symptoms, you should not end isolation. If you are unvaccinated and have been in close contact with someone with COVID19, you are not allowed to use the facilities until you have completed a 5-day quarantine and remain asymptomatic.

Mask Usage – High quality mask usage is recommended for all members and guests over the age of 2 in indoor settings who have had verified exposure to someone with active COVID19 for a period of 10 days post-exposure.

Health Protocols – The Club’s Tennis Facilities rules (the “Tennis Rules”) and the Pools rules (the “Pool Rules”) are posted around the Club, on the Club’s website, and will be sent to all members by email prior to opening the facilities. The “Tennis Rules” together with the “Pool Rules” comprise the “Health Protocols”. Each Member agrees to read and comply with these Health Protocols.

Updates to the Health Protocols – It is expected the Health Protocols will change over the course of the upcoming season as government and health guidance evolves and the Board of Directors continues to evaluate and align the operation of the Club with the health guidance. Each Member agrees to read and comply with any updates to the Health Protocols.

Member Safety – The Health Protocols are designed to meet government and health guidance to operate the Club in a safe manner. Each Member acknowledges that there is a risk of exposure to COVID19 at the Club even with the Health Protocols in effect.

I and each member of my household over the age of twelve have read and understand these rules and will comply with them out of respect for the safety and wellbeing of the Club community.
